

HOW TO MAKE A DEPOSIT IN A DEPOSIT MACHINE

1. Insert card and enter code and then KLAR
2. Select – Andre tjenester (Other services)
3. Select – Flere tjenester (More services)
4. Select – Seddel og myntinnskudd (Banknote and coin deposit)
5. Select – Seddel og myntinnskudd (Banknote and coin deposit) if you have both. Otherwise, select kun seddelinnskudd (banknote deposit only) or kun myntinnskudd (coin deposit only).
6. You can either deposit to an account that comes up or you can choose to enter the account number. You must do this if you have a card from another bank.
7. Enter the origin of the amount: here you get several choices and choose what is right for you.
8. The maximum amount for a deposit is NOK 20.000,-
9. Do you want to write a message? Select JA and write message or select NEI and continue
10. Insert banknotes in the hatch directly in front of you (it opens automatically) and select FORTSETT (continue)
11. Approve amount / transfer to account
12. Wait for card
13. Wait for receipt
